

HARVEY VOGEL MANUFACTURING CO.

Custom Metal Stampings and Assemblies

Recreation

Ride to the top with precision stampings and assemblies from HV

Many recreational products require a mix of precision tolerance and appearance requirements. Harvey Vogel manufactures the more difficult stampings that are used in ATVs, snowmobiles, jet skis, boat engines, fitness equipment and more. Harvey Vogel offers you a breadth of experience and capabilities to meet these challenging requirements, while providing on-time delivery.

Prototype to Production

From revolutionary products to improving your supply chain for high-quality stampings, Harvey Vogel meets your needs. Our experience covers all phases of manufacturing, from product development through production.

Our Recreation Experience

Harvey Vogel is a leader in the manufacturing of difficult stampings and assemblies for the recreation market. Harvey Vogel components are used in key functional areas of recreation equipment. Product includes brake discs, pedal guards, seat heater components, fitness controls as well as highly aesthetic parts such as license plate brackets, mirror holders and polished heel guards. Our ability to add value by providing complete components and assemblies makes us your ideal choice to handle your recreation product needs.
