

HARVEY VOGEL MANUFACTURING CO.

Custom Metal Stampings and Assemblies

Aerospace

Reach new heights with precision stampings from HV

Aerospace products require a mix of precision and appearance requirements that make them some of the most challenging projects. The combination of fit and finish lead to process steps that keep the end results a priority. Harvey Vogel offers you a breadth of experience and capabilities to meet these challenging requirements, while providing on-time delivery.

Prototype to Production

From revolutionary products to improving your supply chain for high-quality stampings, Harvey Vogel meets your needs. Our experience covers all phases of manufacturing, from product development through production.

Our Aerospace Experience

Harvey Vogel is a leader in the manufacturing of stampings and assemblies for the aerospace market. We build components used in key functional areas of aerospace equipment including engine parts, exhaust, filtration and control systems. Many of these parts have tight tolerances and are highly aesthetic. Our ability to add value by providing complete components and assemblies makes Harvey Vogel your ideal choice to handle your aerospace product needs.
