

HARVEY VOGEL MANUFACTURING CO.

Custom Metal Stampings and Assemblies

Agriculture & Mining

Your partner for precision metal fabricated assemblies

Harvey Vogel understands the challenges of manufacturing products for the agriculture and mining industries. Your products must be innovative, incorporating new technologies, while handling the tough environment where your equipment operates. Harvey Vogel has the experience and capabilities to support your needs, whether developing a new product or producing a well-known component.

From Design to Production

From revolutionary products to improving your supply chain for high-quality stampings, Harvey Vogel meets your needs. Our experience covers all phases of manufacturing, from product development through production.

Our Agriculture & Mining Experience

Harvey Vogel is a leader in the manufacture of stampings and assemblies for agriculture and mining equipment. Products that incorporate Harvey Vogel components include the latest technologies used to measure field conditions to enhance crop yield performance. Our ability to add value by providing complete components and assemblies makes Harvey Vogel your ideal choice for your agriculture and mining equipment.
